### EVERYDAY HERO STORIES:

# A Life Saved

A second-grader saved a life using the Heimlich Maneuver! It's true- ANYONE can save a life!

Molli-Malone Womack saved the life of her choking classmate during lunch.

As soon as Womack saw what was happening her friend and successfully performed the maneuver. She followed her instinct and stayed calm.

Womack's mom, Kelly, is the school nurse and she taught Molli-Malone and her other kids how to perform the maneuver.

Kelly had to use the maneuver on Molli-Malone about 5 years before Molli-Malone used it on her friend.
