EVERYDAY HERO STORIES:

“Use the Heimlich, Will!”

Will Smith recently shared of how he used the Heimlich Maneuver® to save his brother Harry from choking.

Will and Harry Smith were stopped at a McDonald’s and Harry was eating a McRib sandwich when he started choking. When Will saw this, he sprung to action, performing abdominal thrusts and forcing the McRib out of Harry’s throat.

Will Smith created a video to celebrate the 99th anniversary of Dr. Henry Heimlich. He thanks Dr. Heimlich for playing a part in saving his brother’s life.
